Look what we have done lately.....

The Meter Mate Outreach team held their first jumble sale on 1 April 2022. This was to raise funds for our 2022 projects. We are thrilled to have sold many books and lots of clothing and kitchenware at good prices to our local residents.

A huge thank you to everyone that donated items for us to sell and to everyone that came and supported us on the day.

Ongoing Projects

In March and April we embarked on a fund raising drive for our **reading programme**. Thank you to everyone that made financial contributions to our project. We have enough funds to launch our pilot project with one of our beneficiaries [LefikaLaPhodiso](#) in June. Watch this space for feedback!

Special mention must be made of our three corporate sponsors that gave so generously. [Absolute Energy Solutions](#), [Pre Paid World](#) and [Framework Property Group](#) have ensured that we can develop our plans and realise our dream of teaching young children to love reading.

Our kitchen project progressing well, we are still looking for a few items:-

- A spare gas bottle
- Cups or mugs
- A toaster
- A microwave
- A mixer

Anyone willing to donate new or second hand of the above can please contact admin@ingelosifoundation.co.za

Thank you's and Warm Fuzzies.....

- Once again, thank you to our generous donors for making our reading programme a possibility.
- Thanks as always to the residents of Parkwood and Saxonwold that always give generously whenever we do our various drives. And to Marcel who keeps us top of mind in the community 😊
- Every month we will be giving an Outreach Team Member a **Warm Fuzzy**. This month it goes to Palesa who works tirelessly on our Yaga page to sell good quality items that are donated to us. These little sales all add up and help to fill our coffers so that we can continue to help our beneficiaries.
